

Platte County R-3 Schools
GroupWise General Information Updates

Internet-based email access is now working from outside the school district. Currently, the Internet-Based email is not available if you attempt to use it from within our school district. However, home access is working.

The handouts distributed in class are correct for accessing your email outside our school district. When accessing the website, you will get a white error page with blue writing. Click on continue for the webpage to continue loading.

Up-to-date Handouts are available in the Technology Office, Central Office or the Technology Webpage.

GroupWise is accessible from your school computer if a GroupWise icon is on your desktop. We are currently installing the GroupWise software on every teacher workstation.

Central Office	All Staff stations installed.
High School	Only North Hall and English wing <u>not</u> installed
Siegrist	All Staff stations installed.
Paxton	All Staff stations installed.
Rising Star	Only Office staff done.
PCMS	Only 6 th and 8 th grade halls <u>not</u> done.
NCC	Currently working in building—can't get to some.
Barry	All Staff stations installed.

You can still call the technology department to sign up for email training at 816/858-5791. You may also call if you have any questions.

Have a great summer.
