Dental specialties

General practice dentist

See your general dentist for routine dental services like exams and cleanings, fillings or having a tooth pulled. A general dentist can also tell you if you need to see a specialist.

Pediatric dentist

This dentist specializes in dental care for children, from infants through adulthood, when a general dentist can take over. You don't have to take your children to a pediatric dentist. General dentists can also see children. But pediatric dentists are specially trained for children's dental issues.

Endodontist

An endodontist can check for problems with the connective tissue that contains blood vessels and nerve tissue which occupies the pulp cavity of a tooth. A common endodontic procedure is root canal therapy.

Periodontist

A periodontist treats problems with the bone and gum tissues that support the teeth.

Orthodontist

If your teeth are not straight, you may need braces. An orthodontist can help with all forms of misalignment of the teeth and surrounding structures.

Oral and maxillofacial surgeon

This type of dentist performs surgery to fix problems with the hard and soft tissue of the mouth and jaw. Having wisdom teeth removed is a common example of this type of surgery.

Information

Warning: If you or your family members are covered by more than one health care plan, you may not be able to collect benefits from both plans. Each plan may require you to follow its rules or use specific doctors and hospitals, and it may be impossible to comply with both plans at the same time. Before you enroll in this plan, read all of the rules very carefully and compare them with the rules of any other plan that covers you or your family.

This directory is current as of 01/2023, however it is subject to change. The next edition will be published within 90 days. Provider information contained in this directory is gathered from information that we receive from our provider network.

This information is subject to change at any time. Provider participation may change without notice. Therefore, please check with the provider before scheduling your appointment or receiving services to confirm he or she is participating in your Aetna network. Participating dental providers are independent contractors and are neither agents nor employees of Aetna. The availability of any particular provider cannot be guaranteed, and provider network composition is subject to change. Notice of the change shall be provided in accordance with applicable state law.

Continued access to participating health care providers cannot be guaranteed during the term of a member's enrollment. If a member's provider ceases participation, access to other providers with equivalent training and experience will be provided.

Call the phone number on the back of your identification card if you need help to find a provider. You can ask for assistance from a clinical representative. Call us back if the provider list or assistance we give you does not resolve your needs

You can conduct a search for the most up-to-date list of participating providers through our online directory at **Aetna.com**, or call Member Services at the toll-free number on your ID card. Our online directory is updated 6 days per week, excluding Sundays, or interruptions due to system maintenance, upgrades, or unplanned outages. Members of the public can consult the online directory or call **(800) 445-5299 (TTY: 711)**.

Reporting Incorrect Information

We regularly update our on-line provider directory. If you are a member and believe that you have reasonably relied upon materially inaccurate, incomplete or misleading provider directory information, you have the right to file a complaint with us. To report incorrect provider information, please contact us via phone at **1-800-445-5299 (TTY: 711)**, Email at **MemberReportWrongInfo@aetna.com**, or visit **Aetna.com/docfind/data_correction.html** and complete the form. If submitting via Email, please include your name and member number as well as the name of the doctor/facility and specific item that is incorrect. If all the required information is not received, updates cannot be processed. You may also call Member Services at the toll-free number on your ID card if you need further assistance or have questions about a participating provider's status.

Handicapped accessibility

Health care providers participating in our network are required to have all areas physically accessible to all members, including but not limited to the office entrance, parking, and bathroom facilities. You may wish to confirm the provider's office/location is handicap accessible when making an appointment.

How we build our dental networks

To build our dental networks, we look at how many primary and specialty dentists there are in a specific area. This way we can make enough providers available to meet your dental health care needs. So you don't have to spend a lot of time looking for a dentist.

How we choose providers

We created the dental networks based on numerous market variables. We chose providers for this network based on the following criteria:

- access and availability
- meets our credentialing standards
- provider ability to meet company participation criteria
- cost efficiency

Quality assurance procedures

Participating dentists are re-credentialed using the Aetna standard credentialing process every three years.

In addition, in between formal credentialing cycles, we will monitor the following as part of the ongoing quality review:

- state board sanctions
- loss of license
- office of personnel management/office of inspector general reports
- Medicare opt out
- potential quality of care concerns (member complaints and internally identified events)

Authorizations or referrals are not required under the plan.

¿Necesita un médico o especialista? Visite **Aetna.com** para encontrar médicos por nombre, especialidad, ubicación e idiomas que hablan. También puede encontrar mapas, direcciones y mucho más.

Se cree que la información es precisa a partir de la fecha de producción; sin embargo, está sujeta a cambios.

Especialidades dentales

Dentista general

Consulte a su dentista general para servicios dentales de rutina, como exámenes y limpiezas, empastes o extracción de un diente. Un dentista general también puede informarle si necesita ver a un dentista especialista.

Dentista pediátrico

Este dentista se especializa en brindar atención dental para niños, desde la infancia hasta la edad adulta, cuando un dentista general puede hacerse cargo. No está obligado a llevar a sus hijos a un dentista pediátrico. Los dentistas generales también pueden atender niños. No obstante, los dentistas pediátricos están especialmente capacitados para problemas dentales infantiles.

Endodoncista

Un endodoncista puede comprobar si hay problemas con el tejido conectivo que contiene vasos sanguíneos y tejido nervioso que ocupa la cavidad pulpar de un diente. Un procedimiento de endodoncia común es la terapia de conducto radicular.

Periodoncista

Un periodoncista trata los problemas con los tejidos óseos y de las encías que sostienen los dientes.

Ortodoncista

Si sus dientes no son rectos, es posible que necesite frenillos. Un ortodoncista puede ayudar con todas las formas de desalineación de los dientes y las estructuras circundantes.

Cirujano oral y maxilofacial

Este tipo de dentista realiza cirugía para corregir defectos de los tejidos duros y blandos de la boca y la mandíbula. Quitarse las muelas de juicio es un ejemplo común de este tipo de cirugía.

Información

Advertencia: Si usted o los miembros de su familia están cubiertos por más de un plan de atención médica, es posible que no puedan recibir beneficios de ambos planes. Cada plan puede exigir que usted siga sus reglas o consulte a médicos y hospitales específicos, y puede ser imposible cumplir con ambos planes al mismo tiempo. Antes de inscribirse en este plan, lea todas las reglas con mucha atención y compárelas con las reglas de cualquier otro plan con el que le brinda cobertura a usted o a su familia.

Este directorio está actualizado al 01/2023, in embargo, está sujeto a cambios. La próxima edición se publicará en un plazo de 90 días. La información del proveedor contenida en este directorio se recopila a través de la información que recibimos de nuestra red de proveedores.

Esta información está sujeta a cambios en cualquier momento. La participación del proveedor en la red puede cambiar sin aviso previo. Por lo tanto, consulte con el proveedor antes de programar su cita o recibir servicios para confirmar que participa en la red de Aetna. Los proveedores dentales participantes son contratistas independientes y no son agentes ni empleados de Aetna. No se puede garantizar la disponibilidad de ningún proveedor en particular y la composición de la red de proveedores está sujeta a cambios. La notificación del cambio se proporcionará de acuerdo con la ley estatal aplicable.

El acceso continuo a los proveedores de atención médica que participan en la red no se puede garantizar durante el período de inscripción de un miembro. Si el proveedor de un miembro deja de participar en la red, se proporcionará acceso a otros proveedores con capacitación y experiencia equivalentes.

Llame al número de teléfono que figura en el reverso de su tarjeta de identificación si necesita ayuda para encontrar un proveedor. Puede pedir ayuda a un representante clínico. Llámenos si la lista de proveedores o la asistencia que le brindamos no resuelve sus necesidades.

Puede realizar una búsqueda de la lista más actualizada de proveedores participantes a través de nuestro directorio en línea en **Aetna.com**, o llamar a Servicios al Miembro al número sin cargo que figura en su tarjeta de identificación. Nuestro directorio en línea se actualiza 6 días a la semana, excepto los domingos o interrupciones debido al mantenimiento del sistema, actualizaciones o interrupciones no planificadas. Los miembros del público pueden consultar el directorio en línea o llamar **(800) 445-5299 (TTY: 711)**.

Reportar información incorrecta

Actualizamos periódicamente nuestro directorio de proveedores en línea. Si es miembro y cree que se ha basado razonablemente en información del directorio de proveedores materialmente inexacta, incompleta o engañosa, tiene derecho a presentar una queja ante nosotros. Para informar información incorrecta del proveedor, comuníquese con nosotros por teléfono al **1-800-445-5299 (TTY: 711)**, envíe un correo electrónico a **MemberReportWrongInfo@aetna.com** o visite **Aetna.com/docfind/data_correction.html** y complete el formulario. Si envía por correo electrónico, incluya su nombre y número de miembro, así como el nombre del médico o centro médico y el elemento específico que es incorrecto. Si no se recibe toda la información requerida, las actualizaciones no se pueden procesar. También puede llamar a Servicios al Miembro al número sin cargo que figura en su tarjeta de identificación si necesita más ayuda o tiene preguntas sobre el estado de un proveedor participante.

Accesibilidad para minusválidos

Los proveedores de atención médica que participan en nuestra red deben tener todas las áreas físicamente accesibles para todos los miembros, incluidas, entre otras, la entrada a la oficina, el estacionamiento y los baños. Es posible que desee confirmar que la oficina o la ubicación del proveedor es accesible para discapacitados cuando programe una cita.

Cómo desarrollamos nuestras redes de atención dental

Para desarrollar nuestras redes de atención dental, observamos cuántos dentistas de atención primaria y de especialidad hay en un área específica. De esta manera podemos contar con suficientes proveedores disponibles para satisfacer sus necesidades de atención médica dental. Por lo tanto, no tiene que pasar mucho tiempo buscando un dentista.

Cómo elegimos a los proveedores

Creamos las redes de atención dental en base a numerosas variables de mercado. Elegimos los proveedores para esta red en base a los siguientes criterios:

- acceso y disponibilidad
- cumple con nuestros estándares de acreditación
- capacidad del proveedor para cumplir con los criterios de participación de la empresa
- eficiencia en costo

Procedimientos de control de la calidad

Cada tres años, los dentistas de la red son acreditados nuevamente mediante el proceso de acreditación estándar de Aetna. Además, entre los ciclos de certificación formal, supervisaremos lo siguiente como parte de la revisión continua de la calidad:

- sanciones de la Junta estatal
- pérdida de licencia
- informes de la oficina de gerencia de personal/oficina del inspector general
- salida de Medicare
- preocupaciones potenciales respecto de la calidad de la atención (quejas de miembros y eventos identificados internamente)

No se requieren autorizaciones o referencias médicas bajo el plan.
